

ONLINE EVENT

Monday, 9th November - 6:30pm to 7:30pm

Overview

This is open to any families living in or who have children/young people accessing education in Northamptonshire

Our introductory SEN parent/carers workshop aims to empower parents/carers or the professionals working with SEN children/young people to support them navigating the online world.

This includes understanding why those with SEN use the internet, the risks involved, how you can support them and understand the terminology they may use. We use the latest data, laws and research to inform our practice and the guidance you receive.

We also look at the pressures young people face, increase their awareness of the grooming process, the risks associated with indecent image sharing and inform you on how to report online harms so you feel equipped to support your young people.

We will cover the upcoming law changes and the potential impact it could pose.
